WHAT WE SOLVE

# What a group actually needs from an advisor.

## One person carries the entire trip

In most families and most groups, a single person is left securing tee times, rooms and deposits on everyone else's behalf. We assume that responsibility and present the group one considered plan to approve.

## A group itinerary has to hold together

Flights, accommodation, tee times and unhurried hours have to align for several people at once. We compose the itinerary so the golf and the rest of the days sit properly beside one another.

## Attention when the itinerary shifts

Weather closes a course. A connection is cancelled. A tee time is misplaced. You reach one number, and the advisor who answers holds the relationship directly rather than opening a case. That is the distinction between an inconvenience of an afternoon and a lost week.

WHO WE PLAN FOR

# Three kinds of journeys we compose.

## Couples

---

One of you plays, or both of you do and you would like the days to hold more than golf. We give the tee sheet and everything surrounding it equal attention, because that balance usually decides whether the trip is taken at all.

## Families

---

Golf arranged for a party spanning three generations and differing appetites for a full round. Courses that receive juniors graciously, resorts with somewhere considered for everyone else, and a pace no one needs to excuse.

## Groups

---

The eight or twelve who already travel together, and the associations and clubs whose trips are organized by members giving up their own holiday. We assume the logistics and leave the group precisely as it is.

WHERE WE GO

# The islands

Punta Cana · Casa de Campo · Barbados · Los Cabos · Montego Bay

---

In partnership with **Premier Golf** and **Sandals Resorts**. Golf on the resort grounds or a short private transfer away, with green fees and transfers arranged in advance. Those who did not come to play have the whole property to themselves.

- Green fees and transfers handled at every resort
- The full resort for travelers who did not come to play
- Arranged on shorter notice than any other journey here

## Ask us about

Resort selection, room categories, and how the days are arranged for a party where only some of you play.

WHERE WE GO

# The rivers

AmaWaterways on the Danube and the Seine · AmaMagna to Budapest, Paris to Normandy

---

In partnership with **AmaWaterways**, whose Concierge Golf Program is built with **LGT Golf**. Five European courses in a single week without changing hotels once. Private transfers from ship to course, tee times and carts arranged in advance of your arrival, clubs cleaned and waiting for the following round. Dr. Ray and Marina both hold the AmaWaterways specialist credential and work this program directly with their team.

- Five courses in a week, unpacked once
- Private transfers from ship to course and back
- Castles, vineyards and Normandy for the rest of the party

## Ask us about

Sailing dates, how the golf days sit against the itinerary, and what the rest of the party does ashore.

WHERE WE GO

# The British Isles by sea

Links golf from Southampton, sailing to Scotland and Northern Ireland

---

In partnership with **Azamara** and **Silversea**, whose golf programs are run by **PerryGolf**. Guaranteed tee times, green fees, private transfers from ship to course, dining on course, and clubs moved and cleaned between rounds. A dedicated golf host accompanies the group for the entire voyage, and a tournament day is included.

- Tee times and green fees secured in advance
- A dedicated golf host with the group throughout
- Both ships sail in 2027

## Ask us about

2027 departure dates, group arrangements at size, and how the tournament day is run.

WHERE WE GO

# Scotland and Ireland by land

St Andrews · Royal County Down · Ballybunion · Lahinch

---

In partnership with **Premier Golf**, an authorised provider of guaranteed tee times on the Old Course at St Andrews. Tee sheets, caddies, private transport and a weather plan that preserves the week. The journey a group returns to in conversation for twenty years, and one we begin twelve to eighteen months in advance.

- Tee sheets, caddies and transport arranged throughout
- A weather plan that preserves the week
- Best begun twelve to eighteen months in advance

## Ask us about

Course selection, the order of play, and the lead time your group should be working to.

HOW IT WORKS

# How a journey comes together.

## 01 Tell us about the party

Who is traveling, the season you have in mind, and how much golf the group would like in a day.

## 02 We shape the itinerary

You receive two or three routings with courses, accommodation and travel days set out clearly. Two or three, not twelve, because a group cannot decide among twelve.

## 03 You choose and we secure it

We contract the tee times and accommodation, and each traveler settles their own arrangements directly. Every document is held in one place.

## 04 We remain with the trip

Tee times, transfers, club shipping, insurance deadlines, rooming lists and final documents. Those conversations are held directly with the resort, operator or cruise line rather than through a call center, and the line stays open for the duration of your travel.

## Begin the conversation.

A few details are enough to begin. An advisor reads every inquiry personally and responds within one business day.
